

G R LOKESH

DevSecOps Engineer | AWS & Azure | Kubernetes | GitOps | Platform Engineering

+91 9100948285 @ grlokesh96@gmail.com linkedin.com/in/grlokesh grlokesh.online Hyderabad, India

SUMMARY

DevOps & DevSecOps Engineer with 5+ years of experience designing, automating, and securing production-grade, multi-tenant cloud platforms across AWS and Azure. Specialized in Amazon EKS, Azure AKS, Kubernetes, Terraform, GitOps with Argo CD, and shift-left security across SAST, DAST, SCA, and SBOM. Reduced release cycles by 45%, provisioning time by 80%, and infrastructure costs by 30%, while maintaining 99.9% production availability.

SKILLS

Cloud Platforms

AWS: EKS, EC2, S3, VPC, IAM, ALB, ECR, Route 53, Secrets Manager, KMS, CloudTrail, DynamoDB, Transit Gateway
Azure: AKS, Virtual Machines, Storage Accounts, Virtual Network, Azure Monitor, Azure RBAC, ACR, Key Vault

CI/CD & GitOps

GitHub Actions, Jenkins, Azure DevOps, Argo CD, GitOps, Blue-Green & Canary Deployments, GitHub OIDC

DevSecOps & Security

Checkmarx One, SonarQube, Snyk, OWASP ZAP, Trivy, Checkov, Gitleaks, Syft, Cosign, Kyverno, HashiCorp Vault

Containers & Orchestration

Docker, Kubernetes, Amazon EKS, Azure AKS, Helm, Karpenter, HPA

Infrastructure as Code & Automation

Terraform, Linux, Bash, Python

Networking & Service Mesh

AWS VPC, VPC CN, Transit Gateway, Amazon Route 53, Kubernetes Ingress, AWS Load Balancer Controller, Istio

Observability & Reliability

Prometheus, Grafana, Alertmanager, OpenTelemetry, Datadog, ELK Stack, AWS CloudWatch, Azure Monitor

AI & AIOps

LLMs, RAG, AI Agents, Python, AI-assisted DevOps/AIOps

PROJECTS

Cloud-Native Trading & Portfolio Management Platform

2025 Hyderabad

Managed **AWS/EKS, GitOps CI/CD, DevSecOps, Kubernetes operations, and observability** for **20+ microservices**

- Achieved **99.9% production availability** with zero-downtime releases
- Reduced **release cycles by 45%** through GitOps and CI/CD automation
- Reduced **incident investigation time by 40%** using **AI-powered log and CI/CD analysis**

Remote-Controlled Smart Devices

2022 Visakhapatnam

Managed **containers, infrastructure, CI/CD, Kubernetes, Helm, and monitoring** for **40+ microservices**

- Reduced **Docker image size by 60%** with multi-stage builds
- Reduced provisioning time by **80%** with Terraform
- Reduced **cloud costs by 30%** with Kubernetes autoscaling

EXPERIENCE

DevSecOps Engineer

ASICS Technologies

📅 07/2024 - 09/2026

- Architected **GitOps-based CI/CD pipelines** using **GitHub Actions, Argo CD, and Helm** for **20+ microservices on Amazon EKS**, enabling zero-downtime **Blue-Green and Canary deployments** and reducing release cycles by **45%**
- **Enforced shift-left security** across CI/CD pipelines using **Checkmarx One, SonarQube, Snyk, OWASP ZAP, Trivy, Checkov, Gitleaks, Syft, and Cosign** for automated security scanning, SBOM generation, and image signing
- Established **software supply chain security** using **Syft for SBOM generation** and **Cosign for container image signing** across **Amazon ECR and JFrog Artifactory**
- Hardened **multi-tenant Amazon EKS clusters** using **Kyverno, IRSA, HashiCorp Vault, and least-privilege RBAC** to strengthen workload, identity, policy, and secrets security
- Deployed **Istio Service Mesh** across **20+ microservices on Amazon EKS**, implementing **mTLS, traffic routing, service-to-service security, and distributed observability**
- Integrated **Kubecost with Amazon EKS** for cost visibility and optimized **resource requests/limits, Karpenter, KEDA, and HPA**, reducing monthly Kubernetes costs by **30%**
- Built end-to-end **observability** using **Datadog, Prometheus, Grafana, and ELK**, centralizing **logs, metrics, and application telemetry** and reducing **MTTR by 50%**
- Built **AI-assisted DevOps/AIOps automation** using **LLMs, Python, RAG, and AI agents** to analyze Kubernetes incidents, CI/CD failures, logs, metrics, and infrastructure events, with **human approval gates** for remediation workflows

DevOps Engineer

Larsen & Toubro

📅 08/2022 - 07/2024

- Built and maintained **CI/CD pipelines** using **Azure DevOps and Jenkins** for **multiple microservices across AWS and Azure**, reducing deployment cycle time by **45%**
- Integrated **SonarQube, Trivy, and dependency scanning** into CI/CD pipelines to identify **code quality issues, container vulnerabilities, and dependency risks** before production
- Containerized **microservices using Docker**, optimizing images with **multi-stage builds and minimal base images**, reducing image size by **60%** and improving deployment efficiency
- Deployed and managed **microservices on Amazon EKS using Helm** across Dev, QA, UAT, and Production, troubleshooting **pod, scheduling, and service connectivity issues** using **kubectl, logs, and Kubernetes events**
- Automated **AWS infrastructure provisioning** with **Terraform**, managed **S3/DynamoDB remote state**, and integrated **GitHub Actions/Jenkins** for CI/CD, reducing provisioning time by **80%**
- Implemented **Prometheus and Grafana** for Kubernetes monitoring and visualization, creating **custom dashboards and alerts** to proactively detect application and infrastructure issue

Cloud Support Associate

Larsen & Toubro

📅 09/2021 - 07/2022

- Provided **L1/L2 operational support** for enterprise **AWS and Azure** environments, troubleshooting infrastructure issues and maintaining platform availability
- Enforced **cloud security and access controls** using **AWS IAM, MFA, and Azure RBAC**, following least-privilege practices
- Managed **backup, DR, and data retention** using **EBS snapshots, S3 Lifecycle, and Azure Recovery Services Vault**
- Reduced **cloud infrastructure costs by 30%** through **resource right-sizing, storage optimization, and automated shutdowns**
- Developed **Bash and Python (Boto3) automation** for EC2, S3, EBS snapshots, log collection, health checks, and deployments, reducing manual effort by **40%**

EDUCATION

Bachelor of Technology (B.Tech) in Civil Engineering

Annamacharya Institute of Technology and Science

📅 03/2015 - 04/2019 📍 Tirupati, India
